

# Jost Muxfeldt

PHP Fullstack Developer and IT Strategy Consultant

Naunynstr. 11 • 10997 Berlin

kontakt@glyph.de • www.glyph.de

I am currently looking for projects as a PHP fullstack developer, possibly also including technical consulting responsibilities.

## Development Languages

Language	level
PHP	expert
Javascript	advanced
Vuejs	advanced
HTML5	advanced
CSS3	advanced
Sass	advanced
Less	intermediate
jade/pug	advanced
Bash	intermediate
Processing	intermediate
SuperCollider	open source dev

## Development Technologies

Platform	level
Drupal 6/7/8/9	expert
Laravel Nova	advanced
Vuejs/Vuetify	advanced
Symfony	intermediate
MySQL/ MariaDB	advanced
Webpack	intermediate
jQuery	advanced
Apache Solr	basic
Git	intermediate
Nodejs	advanced
MacOS	expert
Windows	advanced
Linux	advanced

## Profile

### General

After an university education in the humanities and arts, I eventually specialized in internet technology and multimedia design. I have worked as a developer, project manager, designer, and conceptual designer, for prominent offices in Berlin, Germany. The spectrum of my work experience reaches from architecture offices to internet agencies, as well as teaching and publication. The interactive nature of my projects with a broad variety of clients has made quick learning and flexibility a necessary part of my work.

### Language Skills

Native speaker skills in both German and English.

### Software Development / Internet

As a PHP fullstack developer, my particular areas of specialty include internet applications, developed using **Drupal**, **Laravel**, **Vue.js**, and **Javascript**. I develop with **Drupal** on an **expert level** and am deeply experienced as a Drupal software architect. I am fluent in **MacOS**, **Linux** and **Windows**. I am completely fluent in production environments such as **Git**, **SVN**, **Jira**, **Eclipse**, **PHPStorm**, and am used to working with **SCRUM** and other **agile development environments**. I have particularly strong experience in **backend architecture** and **Drupal module development**.

### Open Source Development

I belong to the **open source** development team of the multimedia programming language, **SuperCollider**. I have developed complex multimedia installations and performances using **SuperCollider** and **Processing**. These installations have been exhibited at major venues throughout Europe, including **Sonar in Barcelona**, **Transmediale Berlin**, **Exit Festival in Paris-Cr eteil**.

### Project Management

My work experience has involved a broad range of project management and **technical project management skills**. In my interaction with architecture offices, I have had to manage budget and deadlines for competition projects. For IT and Internet I have made **time and budget assessments**, and have structured work loads into manageable units. I am familiar with **SCRUM**, and have used tools such as **Jira**. In 2010 I was on the organizer team of a large Symposium in Berlin for the SuperCollider programming language in Berlin, a project with a **Budget of over 70000 Euros**. My responsibilities included budgeting and task-assignment, among other things.

### Further Skills

I am enthusiastically involved in a wide variety of activities outside of my main job. These activities have in the past included art exhibits, journalism, radio, translation, and lecturing/publishing in philosophy. I have always strived to keep my intellectual interests alive as an enrichment of the quality of my efforts in my present work situation.

### Education

Batchelor of Arts in Music, Cum Laude, State University of New York at Binghamton, USA

Master of Music, Hartt School of Music, University of Hartford, Connecticut, USA

Master of Arts in Philosophy (Language and Logic) University of Connecticut at Storrs, USA.

## Selected IT Projects

2019 - 2021

**Software Architect / Consultant** | owner | **Software Architect & Developer**

Client: **GlyphDE / Jost Muxfeldt** | Technologies: Drupal 8 • Laravel Nova • Vuejs/Vuetify • MySQL/ MariaDB • Confluence • Jira • Git • MacOS • Linux .

Software architecture and development of a Drupal CRM system. Datavisualization with javascript. Data migration between Drupal versions.

Vuejs CrossPlatform Offline-first Applications.

2019

**Migration and Relaunch** | freelance | **Software Architect & Developer**

Client: **weisspunkt und purpur** | Technologies: Drupal 6/7/8/9 • jQuery • Git • Linux .

Migration from Drupal 6 to Drupal 8 and redesign of <http://www.weisspunktundpurpur.de/de>. Not online yet.

2018

**Software Architect for Universum AG** | freelance | **Software Architect & Developer**

Client: **Hays AG** | Technologies: Drupal 8 • GULP • Apache Solr • Jira • MacOS • Linux .

Software architecture and development of a CRM and mail processing system.

- 2017 Consulting for a Drupal Project** | freelance | **Consultant**  
Client: **felix1.de AG** | Technologies: Drupal 8 • Git .  
Consulting concerning rewriting and interfacing an existing Drupal-Odoo solution.
- 2017 Hospital Website Realisation** | freelance | **Senior Developer, Consultant, Website Architect**  
Client: **publicgarden GmbH** | Technologies: Drupal 8 • GULP • jQuery • Jira • Git • MacOS .  
Architecture and realisation of a complex hospital website in Drupal 8, with extensive custom module programming, multi-step search, n-to-n relations, etc.
- 2017 Consulting** | freelance | **Developer, Consultant**  
Client: **publicgarden GmbH** | Technologies: Drupal 8 • Git • Drupal 6 • MacOS .  
Technical and financial analysis with proof of concept for the migration of a complex Drupal 6 project to Drupal 8.
- 2016 - 2017 Implementation of a Solr Search** | freelance | **Developer**  
Client: **Pixelpark** | Technologies: GULP • Apache Solr • Drupal 7 • Linux .  
Implementation of a Solr Search for a Large Drupal 7 Project
- 2016 Drupal Development for a short Deadline** | freelance | **Developer**  
Client: **CB.e Clausecker | Bingel AG** | Technologies: Drupal 8 • MacOS .  
Front and backend Drupal 8 development for a large project on a close deadline
- 2016 Drupal Development and Consulting** | freelance | **Developer, Consultant**  
Client: **publicgarden GmbH** | Technologies: Drupal 8 • Git • MacOS .  
Large Drupal 8 project. My tasks included developing complex data import modules, batch processing, and import of remote xml data.
- 2016 Development of a module for integrating the 123rf image service into Drupal 8.** | freelance | **Independent Developer, Consultant, Drupal 8 Expert**  
Client: **Wolters Kluwer Deutschland GmbH (via Hays AG)** | Technologies: Drupal 8 • Git • MacOS .  
The 123rf image service is a leading payment based image service. Wolters Kluwer Deutschland GmbH needed to integrate an image search in to their upcoming Anwalt24 site relaunch, which included a per user image library with the possibility of accessing 123rf images for inclusion in the user's content. The task was to write a generic (site independent) Drupal 8 Module to allow such an integration.
- 2016 Launch of weisspunktundpurpur.asia** | freelance | **Consultant / Developer**  
Client: **weißpunkt und purpur** | Technologies: Git • Drupal 6 • MacOS • Windows • Linux .  
Strategie consulting and development for launch of <http://weisspunktundpurpur.asia/>.
- 2015 - 2016 Drupal 8 responsive relaunch of www.glyph.de** | freelance | **Developer**  
Client: **GlyphDE / Jost Muxfeldt** | Technologies: Drupal 8 • GULP • Git .  
Porting from Drupal 7 to Drupal 8 and responsive development.
- 2015 - 2016 Senior PHP Fullstack Developer and IT Strategy Consultant** | freelance | **Senior Developer, Consultant, Drupal Expert**  
Client: **Agentur SOWHAT!** | Technologies: GULP • jQuery • Confluence • SCRUM • Jira • Git • Drupal 7 • MacOS • Linux .  
Advanced development, IT strategy consulting, cost estimation. Developed an office-wide Drupal deployment strategy.
- 2015 Development of an online shop for marathon running events.** | freelance | **Principle Drupal Developer**  
Client: **Flexcellence** | Technologies: jQuery • SCRUM • Jira • Git • Drupal 7 • MacOS • Linux .  
This project was implemented with **Drupal Commerce**, and I was the main developer in a Team of one full time (myself) and one part-time developer.
- 2014 - 2015 Multilingual Relaunch of Lighting Design Website.** | freelance | **Developer / Designer**  
Client: **weißpunkt und purpur** | Technologies: Git • Drupal 7 • MacOS • Windows • Linux .  
Design and Drupal development of the website <http://weisspunktundpurpur.de/>.
- 2014 What is Space?** | freelance | **Instructor**  
Client: **NK Projekt** | Technologies: Drupal 7 • MacOS • Windows • Linux .  
A workshop exploring concepts of space and how we experience and express space.  
Many of my ideas focus on audio-art, however visual artists, architects, dancers, poets, actors, were explicitly welcome to participate, since the idea of trans-medial spaces is one of the things we wanted to understand. Among the 17 participants, we had representatives of each category.
- 2013 - 2014 Relaunch of the Reichelt Supermarket Chain** | freelance | **Drupal Developer, Consultant**  
Client: **interactive tools GmbH** | Technologies: Confluence • SCRUM • Jira • Subversion • Drupal 7 • MacOS • Windows • Linux .  
As an external expert, I was responsible for the particularly difficult structural implementations for the Relaunch of the Reichelt Supermarket chain website . This included developing backend modules for integrating MovingImage24 videos, as well as a complicated search over sub-entities in the Recipes Search .
- 2013 Pitch für ARTE Live Web** | freelance | **Senior Drupal Developer**  
Client: **Pixelpark** | Technologies: Confluence • SCRUM • Git • Drupal 7 • MacOS • Linux .  
I was responsible for the development of a broad spectrum of Drupal Modules, including i18n issues, formatters, Twitter/Facebook/instagram widgets, Metatags, both in the back and front-end.
- 2013 Mercedes Benz Driving Events** | freelance | **Senior Drupal Developer**  
Client: **Pixelpark** | Technologies: Vagrant + Ansible • Confluence • SCRUM • Jira • Git • Drupal 7 • MacOS • Linux .  
Developed in Drupal. Design and implementation of a complicated multi-step registration form for the Mercedes Benz Driving Events <https://www.mercedes-benz-events.com> . I was responsible for all aspect of the process including backend ajax services, data encryption, email notification, front-end html and css, as well as javascript development.
- 2013 Drupal Beginners Workshop** | freelance | **Instructor**  
Client: **NK Projekt** | Technologies: Drupal 7 • MacOS • Windows • Linux .  
A workshop introducing participants to the basics of building a website with Drupal.

- 2010 SuperCollider GUI Workshop** | freelance | **Instructor**  
 Client: **SuperCollider 2010 Symposium** | Technologies: MacOS • Windows • Linux .  
 Introduction to the GUI System of SuperCollider. Part of the [SuperCollider2010 Symposium Berlin](#).
- 2010 SuperCollider Symposium 2010 Berlin** | freelance | **Organizer, Concept Developer, Team Manager**  
 Client: **SuperCollider Open Source** | Technologies: .  
 I was on the organizer team of this large, publicly funded project, with a budget of over 70000 Euros. The symposium included lectures, workshops, concerts, and exhibits spread across multiple venues in Berlin, Germany. I was responsible for the budgeting, work organization, and the website for the symposium. <http://supercollider2010.glyph.de/>
- 2010 - 2012 Developer Front- and Backend** | employed | **Developer**  
 Client: **interactive tools GmbH** | Technologies: Symfony • jQuery • Confluence • SCRUM • Jira • Subversion • Drupal 7 • Drupal 6 • MacOS • Linux .
- **Drupal Expert.** I was the in-house Drupal expert and developed a broad spectrum of modules including for numerous projects including Reichelt Supermarket, interactive-tools Website, Ebay.
  - **Symfony Development.** In the context of a highly complex new implementation for the Berlinale Accreditation System, I was part of a larger team and developed the structures for my main task: an ExtJs driven form for the intranet backend. I was as much involved with Javascript/ExtJs as with the Symfony backend controllers and views.
  - **Javascript and ExtJs Development.** Next to the Berlinale Accreditation System, I developed a broad spectrum of mini applications for the Reichelt Supermarket Website, including sweepstakes and online-games.
  - **Actionsript 3 Development.** Für ZF Friedrichshafen AG I developed a complex, databank-driven Flash application for a Trade Show. I also developed an online sweepstakes for Kunstmuseum Dresden.
- 2007 - .... SuperCollider Open Source Team** | freelance | **Developer**  
 Client: **SuperCollider Open Source** | Technologies: Git • MacOS • Linux .  
 I am a member of the group of open source developers for this programming language, which is probably the best of its type for so sound and multimedia. In 2007, I documented the entire GUI system, and wrote various GUI extensions and improvements for the language.
- 2004 - 2005 SuperCollider GUI Documentation** | freelance | **Developer / Author**  
 Client: **SuperCollider Open Source** | Technologies: MacOS • Windows .  
 I wrote a complete documentation for the GUI system of the [SuperCollider](#) programming language.

## Teaching / Workshops / Lectures / Publications

- 2017 Workshop, Performance and Discussion about Music Programming.** | freelance | **Lecturer**  
 Client: **Institut für Musik und Medien, Robert Schumann Hochschule** | Technologies: MacOS .  
 Workshop, Performance and Discussion about Music Programming.  
 Together with [Julian Rohrhuber](#).
- 2016 Sound, Space, Phenomenology** | freelance | **Lecturer / Performer**  
 Client: **Institut für Architekturbezogene Kunst, TU Braunschweig** | Technologies: MacOS .  
 Lecture, Workshop, Concert
- 2014 What is Space?** | freelance | **Instructor**  
 Client: **NK Projekt** | Technologies: Drupal 7 • MacOS • Windows • Linux .  
 A workshop exploring concepts of space and how we experience and express space.  
 Many of my ideas focus on audio-art, however visual artists, architects, dancers, poets, actors, were explicitly welcome to participate, since the idea of trans-medial spaces is one of the things we wanted to understand. Among the 17 participants, we had representatives of each category.
- 2013 Supercollider Production Environment** | freelance | **Instructor / Lecturer**  
 Client: **NK Projekt** | Technologies: MacOS • Windows • Linux .  
 Presentation of a complex SuperCollider production environment.
- 2013 Drupal Beginners Workshop** | freelance | **Instructor**  
 Client: **NK Projekt** | Technologies: Drupal 7 • MacOS • Windows • Linux .  
 A workshop introducing participants to the basics of building a website with Drupal.
- 2013 What is Space?** | freelance | **Lecturer**  
 Client: **Sommerwerkstatt Experimentelle Musik** | Technologies: .  
 A lecture exploring concepts of space and how we experience and express space. A provocation concerning the concept of space in the arts and beyond.
- 2010 SuperCollider GUI Workshop** | freelance | **Instructor**  
 Client: **SuperCollider 2010 Symposium** | Technologies: MacOS • Windows • Linux .  
 Introduction to the GUI System of SuperCollider. Part of the [SuperCollider2010 Symposium Berlin](#).
- 2010 SuperCollider Symposium 2010 Berlin** | freelance | **Organizer, Concept Developer, Team Manager**  
 Client: **SuperCollider Open Source** | Technologies: .  
 I was on the organizer team of this large, publicly funded project, with a budget of over 70000 Euros. The symposium included lectures, workshops, concerts, and exhibits spread across multiple venues in Berlin, Germany. I was responsible for the budgeting, work organization, and the website for the symposium. <http://supercollider2010.glyph.de/>
- 2007 Audio Kinematics** | freelance | **Lecture / Performance**  
 Client: **University of Brighton** | Technologies: .  
 Lecture and presentation of own work.

- 2007 - 2008**    **Audio Kinematics** | freelance | **Artist, Developer**  
Client: **Medien-Kunst Labor Tesla** | Technologies: MacOS .  
In the context of an artist's residency, I developed a sound and video installation, using Supercollider and Processing. The installation was later show in exhibits throughout Europe. Kinematic motions were represented in sound and video, and played with the spatial perception of the audience. The audio an video parts of the program synchronized over the network protocol OSC.
- 2005**    **Architectural Knowledge** | freelance | **Lecture**  
Client: **Université Paris X Nanterre** | Technologies: .  
Arakawa and Gins Architecture and Philosophy Conference.
- 1999**    **Architectur Visualization on the Computer** | freelance | **Lecture**  
Client: **Technische Universität Berlin** | Technologies: .  
Guest Lecture at the TU Berlin. Invitation by Prof. Angela Lambea
- 1999**    **... 40 Iterations for Piano Module ...** | freelance | **Lecture**  
Client: **Verein für Experimentelle Musik** | Technologies: .  
Lecture / Performance
- 1998**    **Music and Architecture: the Example of Kurt Schwitters.** | freelance | **Lecture**  
Client: **Technische Universität Berlin** | Technologies: .  
Guest Lecture at the TU Berlin. Invitation by Prof. Angela Lambea
